

Catechism Lesson for Adults and Teens
8th Sunday of Luke
Parable of the Good Samaritan

Read the Gospel Passage. Luke 10:25-37

Contextual Background:

-The road going between Jerusalem and Jericho was very dangerous as many thieves hid there to attack defenseless travelers. Travelers were vulnerable making this trip.

-A Levite is a member of the tribe of Levi who assisted the priests in the Jewish Temple

-There's a few laws at play in this reading. The first is when the lawyer answers Jesus saying he knows the greatest law is "Love the Lord your God with all your heart, and with all your soul, and with all your strength" which is from Deuteronomy 6:5 (Deuteronomy means "The Second Law").

The other important law in this reading is a "cleanliness law" coming from Numbers 19:11, stating "Whoever touches a human corpse will be unclean for seven days". We know from this reading that the man traveling from Jerusalem to Jericho was "left for dead", and so anyone seeing him might hesitate before inspecting him.

-We know that the Samaritans and the Jews had nothing to do with one another. They were unfriendly towards one another because of their differences.
